\(^1\) International Standard on Related Services (ISRS) 4410, “Engagements to Compile Financial Statements.”
Background

4. The project proposal was approved at the March 2009 IAASB meeting. The IAASB considered an Issues Paper on scope and directional issues for the project at its June 2009 meeting. Issues Papers on technical aspects of revision of ISRE 2400 and ISRS 4410 were considered at the September 2009 (ISRE 2400) and December 2009 (ISRS 4410) IAASB meetings. In March 2010 the IAASB considered further Issues Papers and the preliminary draft requirements for ISRS 4410 and ISRE 2400.

5. The Task Force received comments from Representatives of the IAASB Consultative Advisory Group at their March and September 2009 meetings, and from the IFAC Small and Medium Practices Committee (SMPC) at its October 2009 meeting.

Activities since Last IAASB Discussions

6. The Task Force has received comments from Representatives of the IAASB Consultative Advisory Group at their March 2010 meeting, and also from the IFAC SMPC at its March 2010 meeting.

7. The Task Force will seek views on its proposed approach for the two revised standards at the June 3-4, 2010 IAASB-NSS meeting. In advance of this meeting, a number of the NSS provided preliminary written comments to the Task Force in May. The Task Force has taken account of those comments in developing these agenda papers for the June IAASB meeting. An oral update on the discussion at the June 3-4 IAASB-NSS meeting will be provided to the Board at the June IAASB meeting.

8. The Task Force held five days of physical meetings in March, April and May and conference calls throughout the period to consider issues relating to the revision of these standards.
