Activities since Last IAASB Discussion

4. In March 2011 the Task Force received comments from the IAASB, Representatives of the IAASB Consultative Advisory Group (CAG), and the IFAC Small and Medium Practices (SMP) Committee on significant issues in the revision of ISA 720. The IAASB also undertook a first read of draft revised ISA 720. Further, the Task Force received input from participants at the IAASB–National Auditing Standard Setters (NSS) meeting in April 2011.

5. Since then the Task Force has held a number of face-to-face and teleconference meetings to deliberate issues, and to further develop the draft revised ISA 720. It also considered whether, and if so, what consequential amendments may be needed to other ISAs. In addition, the Task Force has also conducted an informal survey of a sample of stakeholders to understand whether there is consistent reading of proposed revised ISA 720 in the context of the documents at the national level.
