Objective of the Agenda Item

1. To consider Task Force proposals and a revised draft of ISA 720.

2. To finalize and approve this standard, together with the conforming amendments, for submission to the Public Interest Oversight Board (PIOB).

Task Force

3. Full members:

   • Cédric Gélard, Chair, IAASB Member (supported by Isabelle Tracq-Sengeissen, IAASB Technical Advisor)
   • Valdir Coscodai, IAASB Member

   The Task Force was also assisted by Dan Montgomery, IAASB Deputy Chair (supported by Denise Weber, IAASB Technical Advisor).

Activities since Last IAASB Discussion

4. Since the October 2014 IAASB teleconference, the Task Force met via teleconference on five occasions and physically in October 2014 to discuss issues and the comments of the IAASB and IAASB Consultative Advisory Group (CAG) at their respective meetings.

5. The leadership of the Task Force and staff met also via teleconference with representatives of the International Forum of Independent Audit Regulators (IFIAR). At that meeting, views were exchanged on the work effort required by the ISA, as well as its scope, documentation requirements and reporting requirements. Particular areas of focus for IFIAR representatives included:

   • The link between material inconsistencies and material misstatements in the work effort;
   • How to make it clear in the auditor’s report that the auditor has not tested the entirety of the items in the other information for a material inconsistency; and
   • The importance of enhancing the requirements regarding the action to be taken by the auditor if other information is received after the date of issuance of the audit report and is materially misstated.
