Background

3. At the IAASB meeting in June 2010 the Board discussed the draft revised standard on review
4. Paragraphs 12 and 13 of the revised standard discussed at that meeting addressed the practitioner’s objectives in the engagement. The Board’s comments on paragraph 12 broadly centered on the need to reflect more strongly in the wording of the objectives that performance of the review is mainly based on performing procedures that lead the practitioner to form a conclusion on the financial statements as a whole expressed in the negative form. Paragraph 13 described how the stated objectives drive performance of the engagement by the practitioner.

5. In considering and responding to the Board’s comments, the Task Force drew upon the concepts and descriptions in relation to limited assurance reflected in the *International Framework for Assurance Engagements* (‘the Framework’), as the conceptual foundation for the review as a form of limited assurance engagement.

6. As the Task Force intends to present an Exposure Draft of the revised standard for consideration by the Board at the September 2010 IAASB meeting, the Task Force views it as beneficial to obtain feedback from the Board at this stage on the amended proposed objectives paragraphs, prior to presenting the Exposure Draft. This will assist the Task Force to be able to present the Exposure Draft for the IAASB’s consideration and approval at that meeting.
