

## PROJECT HISTORY

Contact: Gwenda Jensen ([gwendajensen@ipsasb.org](mailto:gwendajensen@ipsasb.org))

The IPSASB noted the project's timetable and revisions to the previously approved project brief for Public Sector Measurement. The Chair of the Task Force presented an education session. A first discussion of issues will occur at the IPSASB's June 2017 meeting. The IPSASB noted that a multi-stage approach involves completing the first stage (analysis of IPSAS measurement) and then deciding on the project's scope and timetable going forward.

The Task Force and staff will develop a questionnaire to collect input on the project's scope and identify project work streams. The IPSASB will have a first discussion of issues at its June 2017 meeting.
