Agenda Item

9

Resource Center

Objective of Agenda Item

At the last meeting of the SMP Permanent Task Force it was decided to leave the PAIB Committee to go ahead alone on Phase 1 of this project. Phase 1 entails testing the technology with a limited number of member bodies. Meanwhile, the SMP Permanent Task Force would continue to monitor the project via representation on the Resource Center Steering Committee and take steps to prepare for joining the project at Phase 2. Phase 2, full roll out to all member bodies, is subject to IFAC Board approval.

This session will update the SMP Permanent Task Force members on progress made on Phase 1 (*a Resource Center Steering Committee conference call will have taken place on March 4 – a verbal summary of this will be given at the meeting*); summarize the work already done to help prepare for joining Phase 2, including the development of a SMP Information Exchange; and discuss the expansion of the project team and the SMP Permanent Task Force's work plan for Phase 2 of the Resource Center.

Materials Presented

Agenda Paper 9.1 Phase 1 Information and Work Plan

Agenda Paper 9.2 SMP Information Exchange

Action Required by the SMP Permanent Task Force

At the meeting – to make suggestions on how the proposed SMP Information Exchange can be improved; to expand the SMP Permanent Task Force's Resource Center Project Team; and to agree on a SMP Permanent Task Force work plan for Phase 2 of the Resource Center.
