**Meeting Date:** June 29, 2007

### IAASB CAG (Self) Assessment

#### Objectives of Agenda Item

To review summaries of the responses to the IAASB CAG Assessment questionnaires.

#### Background

At the end of February two separate questionnaires were distributed, one for completion by the Representatives and another for completion by the IAASB members. The questionnaire for IAASB members contained a section addressed especially at those IAASB members who had attended an IAASB CAG meeting

#### Matters for IAASB CAG Consideration

The IAASB CAG Chairman asked that the following matters be considered at this meeting:

1. The fundamental structure of the debates within the IAASB CAG. Should the IAASB CAG move to a different level or to a different tempo? There are some calls for a shorter agenda (therefore dealing with fewer topics), and a number of calls for less technical discussions.
2. The current membership of the IAASB CAG, and whether other types of organization could be added.

Discussion of the IAASB CAG (Self) Assessment is scheduled for the afternoon of the meeting. It is the IAASB CAG Chairman's intention to take a preliminary survey of the views of the IAASB CAG during the Private Session scheduled at the start of the meeting.
