

RESPONSE TEMPLATE FOR THE ED OF PROPOSED NARROW SCOPE AMENDMENTS TO ISQMs, ISAs AND ISRE 2400 (REVISED)

Guide for Respondents

Comments are requested by **April 8, 2024**.

This template is for providing comments on the Exposure Draft (ED) of proposed Narrow Scope Amendments to the International Standards on Quality Management (ISQMs), the International Standards on Auditing (ISAs) and the International Standard on Review Engagement (ISRE) 2400 (Revised), *Engagements to Review Historical Financial Statements as a Result of the Revisions to the Definitions of Listed Entity and Public Interest Entity (PIE) in the IESBA Code*, in response to the questions set out in the Explanatory Memorandum (EM) to the ED. It also allows for respondent details, demographics and other comments to be provided. Use of the template will facilitate the IAASB's automated collation of the responses.

You may respond to all questions or only selected questions.

To assist our consideration of your comments, please:

- For each question, start by indicating your overall response using the drop-down menu under each question. Then below that include any detailed comments, as indicated.
- When providing comments:
 - Respond directly to the questions.
 - Provide the rationale for your answers. If you disagree with the proposals in the ED, please provide specific reasons for your disagreement and specific suggestions for changes that may be needed to the requirements, application material or appendices. If you agree with the proposals, it will be helpful for the IAASB to be made aware of this view.
 - Identify the specific aspects of the ED that your response relates to, for example, by reference to sections, headings or specific paragraphs in the ED.
 - Avoid inserting tables or text boxes in the template when providing your responses to the questions because this will complicate the automated collation of the responses.
- Submit your comments, using the response template only, without a covering letter or any summary of your key issues, instead identify any key issues, as far as possible, in your responses to the questions.

The response template provides the opportunity to provide details about your organization and, should you choose to do so, any other matters not raised in specific questions that you wish to place on the public record. All responses will be considered a matter of public record and will ultimately be posted on the IAASB website.

Use the “**Submit Comment**” button on the ED [web page](#) to upload the completed template.

PART B: Responses to Specific Questions in the EM for the ED

For each question, please start with your overall response by selecting one of the items in the drop-down list under the question. Provide your detailed comments, if any, below as indicated.

Objective for Establishing Differential Requirements for PIEs

1. Do you agree with establishing the overarching objective and purpose for establishing differential requirements for PIEs proposed in paragraphs A29A–A29B of ISQM 1 and paragraphs A81A–A81B of ISA 200 in the ED? If not, what do you propose and why?

(See EM Section 1-B, paragraphs 13-18)

Overall response: [Agree, with comments below](#)

Detailed comments (if any):

We wonder whether the proposed paragraphs A29A-A29F of ISQM1 and A81A-A81F of ISA200 are necessary materials for auditors when applying the Standards. Much of that language explains the rationale of designating PIEs and the properties of PIEs as such. Firstly, this should already be clear from the Code of Ethics, where this stems from, and secondly, it does not explain or guide auditor's procedures. We suggest to either leave these paragraphs out or to rewrite these paragraphs as to guide the auditor's procedures.

Definitions of PIE and "Publicly Traded Entity"

2. Do you agree with adopting the definitions of PIE and "publicly traded entity" into ISQM 1 and ISA 200 (see proposed paragraphs 16(p)A–16(p)B of ISQM 1 and paragraphs 13(l)A–13(l)B of ISA 200 in the ED)? If not, what do you propose and why?

(See EM Section 1-C, paragraphs 19-26)

Overall response: [Agree, with comments below](#)

Detailed comments (if any): We agree, however we are of the opinion that this should be implemented in de Code of Ethics.

Differential Requirements in the ISQMs and ISAs

- 3A. Do you agree with the IAASB's proposals for extending the extant differential requirements for engagement quality reviews to apply to PIEs (ISQM 1, paragraph 34(f) in the ED)?

(See EM Section 1-D, paragraphs 27-40 and Appendix 1)

Overall response: [Agree \(with no further comments\)](#)

Detailed comments (if any):

If you do not agree, what alternatives do you suggest (please elaborate why you believe such alternatives would be more appropriate, practicable and capable of being consistently applied globally)?

Detailed comments (if any): N/A

3B. Do you agree with the IAASB's proposals for extending the extant differential requirements for communication with TCWG about the firm's system of quality management to apply to PIEs (ISQM 1, paragraph 34(e) in the ED)?

(See EM Section 1-D, paragraphs 27-38 and Appendix 1)

Overall response: Agree (with no further comments)

Detailed comments (if any):

If you do not agree, what alternatives do you suggest (please elaborate why you believe such alternatives would be more appropriate, practicable and capable of being consistently applied globally)?

Detailed comments (if any): N/A

3C. Do you agree with the IAASB's proposals for extending the extant differential requirements for communicating about auditor independence to apply to PIEs (ISA 260 (Revised), paragraphs 17 and 17A, and ISA 700 (Revised), paragraph 40(b) in the ED)?

(See EM Section 1-D, paragraphs 27-38 and 41-45 and Appendix 1)

Overall response: Agree (with no further comments)

Detailed comments (if any):

If you do not agree, what alternatives do you suggest (please elaborate why you believe such alternatives would be more appropriate, practicable and capable of being consistently applied globally)?

Detailed comments (if any): N/A

3D. Do you agree with the IAASB's proposals for extending the extant differential requirements for communicating KAM to apply to PIEs (ISA 700 (Revised), paragraphs 30-31, 40(c) and ISA 701, paragraph 5 in the ED)?

(See EM Section 1-D, paragraphs 27-38 and 46 and Appendix 1)

Overall response: Agree (with no further comments)

Detailed comments (if any):

If you do not agree, what alternatives do you suggest (please elaborate why you believe such alternatives would be more appropriate, practicable and capable of being consistently applied globally)?

Detailed comments (if any): N/A

3E. Do you agree with the IAASB's proposals for extending the extant differential requirements for the name of the engagement partner to apply to PIEs (ISA 700 (Revised), paragraphs 46 and 50(I))?

(See EM Section 1-D, paragraphs 27-38 and Appendix 1)

Overall response: Agree (with no further comments)

Detailed comments (if any):

If you do not agree, what alternatives do you suggest (please elaborate why you believe such alternatives would be more appropriate, practicable and capable of being consistently applied globally)?

Detailed comments (if any): N/A

4. Do you agree with the IAASB's proposal to amend the applicability of the differential requirements for listed entities in ISA 720 (Revised) to apply to "publicly traded entity"? If not, what do you propose and why?

(See EM Section 1-D, paragraphs 47-51)

Overall response: [Disagree, with comments below](#)

Detailed comments (if any): We disagree with the rationale provided for limiting the differential requirements in ISA 720 to only apply to 'publicly traded entity'. The NBA is of the view that the interest in consistently applying differential requirements to all Public Interest Entities outweighs the additional burden created by ISA 720.

In the Netherlands, we have already expanded all requirements for 'listed entities' in the extant ISAs to apply also to PIEs, and we have not observed any difficulties in applying this also with respect to other information under ISA 720.

Proposed Revisions to ISRE 2400 (Revised)

5. Do you agree with the new requirement and application material in ISRE 2400 (Revised) to provide transparency in the practitioner's review report about the relevant ethical requirements for independence applied for certain entities, such as the independence requirements for PIEs in the IESBA Code? If not, what do you propose and why?

(See EM Section 1-E, paragraphs 52-57)

Overall response: [Agree, with comments below](#)

Detailed comments (if any): N/A

Other Matters

6. Are there any other matters you would like to raise in relation to the ED? If so, please clearly indicate the requirement(s) or application material, or the theme or topic, to which your comment(s) relate.

Overall response: [Yes, with comments below](#)

Detailed comments (if any): we suggest to start the clarification of ISRE's 2400 and 2410.

Part C: Request for General Comments

The IAASB is also seeking comments on the matters set out below:

7. Translations—Recognizing that many respondents may intend to translate the final narrow scope amendments for adoption in their own environments, the IAASB welcomes comment on potential translation issues respondents note in reviewing the ED.

Overall response: [No response](#)

Detailed comments (if any):

8. Effective Date—Given it is preferred to coordinate effective dates with the fraud and going concern projects, the IAASB believes that an appropriate effective date for the narrow scope amendments would be for financial reporting periods beginning approximately 18-24 months after approval of the final narrow scope amendments for Track 2. The IAASB welcomes comments on whether this would provide a sufficient period to support effective implementation of the narrow scope amendments for Track 2 of the listed entity and PIE project.

Overall response: [See comments on effective date below](#)

Detailed comments (if any): [we suggest an implementation date of December 15, 2025.](#)
