

BACKGROUND NOTE ON ACTION PLANS

SMO Action Plans are developed by IFAC Members and Associates to demonstrate fulfillment of IFAC Statements of Membership Obligations (SMOs). SMOs require IFAC Members and Associates to support the adoption¹ and implementation² of international standards and other pronouncements issued by independent standard-setting boards under the auspices of IFAC as well as by the International Accounting Standards Board (IASB); and to establish a Quality Assurance (QA) review and Investigation and Disciplinary (I&D) systems.

IFAC Members and Associates conduct a self-assessment against the requirements of SMOs and identify areas where improvements are needed. Based on the results of the assessment, Members and Associates develop an SMO Action Plan to (a) demonstrate how they fulfill the requirements of the SMOs and (b) where some requirements are not yet addressed, to present plans towards their fulfillment.

SMO Action Plans are designed to be ever-green documents that provide a comprehensive description of the accountancy profession and its legislative and regulatory environment in the jurisdiction as well as the actions undertaken by IFAC Members or Associates to support adoption and implementation of international standards and best practices.

Regular updates of the SMO Action Plans are required as part of the IFAC Member Compliance Program.

Glossary

¹ *Adoption* is concerned with the decision that international standards are appropriate for use in specific national financial reporting environments and with the actions necessary to effect those decisions, including incorporation into national requirements or requiring the use of international standards through law. Adoption may include a process to review draft international standards, translation, public exposure of proposed standards, approval, incorporation into national requirements as necessary, and promulgation of final standards, and, where applicable, a convergence process to eliminate or minimize differences between international and national standards.

² *Implementation* may include a process to build awareness of the adopted standards, provide relevant education and training, develop or disseminate implementation guidance and any other activities that promote proper understanding and use of the standards in practice.

BACKGROUND ON THE PERUVIAN PUBLIC ACCOUNTANTS COLLEGE DEANS BOARD (JDCCPP)

General background

The Peruvian Public Accountants College Deans Board is the highest representative body of the profession of public accountant within the country and abroad, in accordance with the provisions of article 1 of Decree Law No. 25892 in accordance with article 1 of its Regulations, approved by Supreme Decree No. 008-93-JUS, which indicates that non-national professional associations will have a Board of Deans.

Structure

The JDCCPP is made up of 25 Public Accountants Colleges (Departmental Colleges), one in each department of our country (24 departments) plus the Public Accountants of the Constitutional Province of Callao College.

Individual professional accountants, accounting and auditing firms in the country are affiliated through the Departmental Colleges.

Government Bodies

The governing bodies of the Peruvian Public Accountants College Deans Board (JDCCPP) are:

The General Assembly of the Board of Deans, formed by the Deans of each of the Departmental Colleges that make up the JDCCPP

The Board of Directors made up of five members elected from among the members of the General Assembly of the Board of Deans: President, Vice President, Secretary, Treasurer and Member.

Technical Organization

The Peruvian Public Accountants College Deans Board designates the following National Technical Committees for a period of two years:

Permanent National Technical Committee

National Technical Committee of Accounting Research

National Technical Audit Committee

National Technical Committee of the Government Sector

National Technical Committee of Education

National Technical Committee of Administration and Finance

National Technical Committee of Ethics and Professional Practice

National Technical Committee of Taxation

National Technical Committee of Accounting Expertise

National Technical Committee for Small and Medium Enterprises (SMEs)

National Technical Committee of Information Systems and Technologies

National Technical Committee for Financial Information Standards

Additionally, as part of its activities to disseminate knowledge and promote accounting research, it organizes on a bi-annual basis a National Convention in each of the areas that corresponds to each Committee so that in a period of two years they are carried out the following National Conventions:

National Accounting Research Convention

National Audit Convention

National Government Sector Convention

National Education Convention

National Administration and Finance Convention

National Convention of Ethics and Professional Practice

National Taxation Convention

National Accounting Expertise Convention

National Convention of Small and Medium Enterprises (SMEs)

National Convention of Information Systems and Technologies

National Convention of Financial Information Standards

The technical organization of these Conventions oversees the corresponding National Technical Committee under the supervision of the Permanent National Technical Committee.

At the end of the two-year period, the National Congress of Public Accountants is organized, which is the largest event where accounting standards are analyzed and important agreements are reached in technical and institutional aspects for the profession.

Regulatory Organization

The Peruvian Public Accountants College Deans Board has formed the following committees oriented to the regulatory task and coordination with IFAC regarding the compliance plan:

- The DOM Committee: Responsible for coordinating the planning, evaluation and reporting of the compliance plan for the application of international standards promoted by IFAC in Peru in the period 2019 - 2021.
- Forum of Audit firms, having among its attributions: Provide technical support to the DOM 1 Quality Assurance System (NICC1-IAASB) and DOM 3 International Auditing Standards (NIA - IAASB), for the purpose of formulating the plan of compliance with IFAC and its application within the deadlines and forms defined by the JDCCP.
- The CCR regulatory coordination council, being among its functions: Advise the Board of Directors and the General Assembly of the Peruvian Public Accountants College Deans Board, on issues of regulation of the accounting profession in Peru issued by the IFAC.

Likewise, the JDCCPP has been reviewing and updating its internal regulations to date in order to adapt them to the scope of the regulatory schedule and compliance plan before IFAC.

- Regulation of Certification and Recertification of the Public Accountant
- Regulations of the Statutes of the JDCCPP
- Regulation of SOAS Registration by CCPP
- Independent Auditor Regulations
- Regulation of Enabling and continuing education

Action Plan Theme: SMO 7 International Financial Reporting Standards (IFRSs)

Objective of the Action Plan: Implementation of IFRS

#	Start date	Activities	End Date	Responsible	Resources
Context:					
<p>Law 28708, General Law of the National Accounting System establishes that the Accounting Standards Board is the entity responsible for approving accounting standards for the private sector in our country. The JDCCPP is an integral member of the Accounting Standards Board.</p> <p>The JDCCPP is not responsible for the adoption or implementation of pronouncements issued by the International Financial Reporting Standards Board (IASB). However, in accordance with the commitments with IFAC in its plan of compliance with the DOM, it develops the “maximum effort” to promote the application of International Standards in Peru, including IFRS.</p> <p>The JDCCPP has formed the National Technical Committee for Financial Information Standards with the objective of providing an opinion on the modifications and new standards issued by the IASB and disseminating the correct application of IFRSs at the national level.</p> <p>The Board of Directors of the JDCCPP through RESOLUTION No. 008-2019-JDCCPP / CD. It has determined the powers of the DOM Committee, among them: Coordinate the planning, evaluation and report of the compliance plan for the application of international standards promoted by IFAC in Peru in the period 2019 - 2020.</p> <p>Finally, through RESOLUTION No. 010-2019-JDCCPP / CD. has formed the regulatory coordination council, being among its functions: Advise the Board of Directors and the General Assembly of the Peruvian Public Accountants College Deans Board in their regulatory task. Additionally, they must hold working meetings with the country's regulatory bodies to coordinate and facilitate the implementation of the International Financial Reporting Standards and the International Public Sector Accounting Standards in Peru.</p> <p>The Superintendence of the Securities Market (SMV) is the body in charge of regulating the type of financial information that public entities must present (entities listed on the Lima Stock Exchange). To date, IFRSs have been fully adopted and are effective for all public interest entities. For companies not supervised by the SMV, there is a regulation of the CNC to apply IFRS from 3000 UIT of total income or assets. However, there is no entity that oversees the effective application of such regulation.</p> <p>With Resolution 002-2018-EF / 30 dated August 23, 2018, the Accounting Standards Board formalized the 2018 version of the International Financial Reporting Standards (IAS, IFRS, IFRIC and SIC).</p> <p>With Resolution 002-2019-EF / 30 dated May 25, 2019 The Accounting Regulatory Council formalized the new General Business Accounting Plan applicable as of January 1, 2020, for private sector entities and public companies as appropriate. Likewise, the General Business Accounting Plan may be applicable as of 2019 as an option.</p>
