Dear Kevin Dancey,

Subject: Letter to Confirm Institutional Support for the SMO Action Plan

This letter is to confirm that the leadership of the GFPAA has reviewed the information contained in the SMO Action Plan prepared by GFPAA as part of the IFAC Member Compliance Program and will provide institutional support for its implementation.

On behalf of the leadership of the GFPAA, I endorse publication of the SMO Action Plan on the IFAC website in the interests of transparency and to demonstrate our commitment to enhancing the quality and credibility of the accountancy profession worldwide.

Sincerely,

Executive Director

Georgian Federation of Professional Accountants and Auditors

BACKGROUND NOTE ON ACTION PLANS

SMO Action Plans are developed by IFAC Members and Associates to demonstrate fulfillment of IFAC Statements of Membership Obligations (SMOs). SMOs require IFAC Members and Associates to support the adoption¹ and implementation² of international standards and other pronouncements issued by independent standard-setting boards under the auspices of IFAC as well as by the International Accounting Standards Board (IASB); and to establish a Quality Assurance (QA) review and Investigation and Disciplinary (I&D) systems.

IFAC Members and Associates conduct a self-assessment against the requirements of SMOs and identify areas where improvements are needed. Based on the results of the assessment, Members and Associates develop an SMO Action Plan to (a) demonstrate how they fulfill the requirements of the SMOs and (b) where some requirements are not yet addressed, to present plans towards their fulfillment.

SMO Action Plans are designed to be ever-green documents that provide a comprehensive description of the accountancy profession and its legislative and regulatory environment in the jurisdiction as well as the actions undertaken by IFAC Members or Associates to support adoption and implementation of international standards and best practices.

Regular updates of the SMO Action Plans are required as part of the IFAC Member Compliance Program.

ACTION PLAN

IFAC Member:	Georgian Federation of Professional Accountants and Auditors (GFPAA)
Approved by Governing Body:	GFPAA Board
Original Publish Date:	April 2010
Last Updated:	December 2019
Next Update:	December 2022

¹ *Adoption* is concerned with the decision that international standards are appropriate for use in specific national financial reporting environments and with the actions necessary to effect those decisions, including incorporation into national requirements or requiring the use of international standards through law. Adoption may include a process to review draft international standards, translation, public exposure of proposed standards, approval, incorporation into national requirements as necessary, and promulgation of final standards, and, where applicable, a convergence process to eliminate or minimize differences between international and national standards.

² *Implementation* may include a process to build awareness of the adopted standards, provide relevant education and training, develop or disseminate implementation guidance and any other activities that promote proper understanding and use of the standards in practice.

Action Plan Subject: SMO 1–Quality Assurance
Action Plan Objective: Development and maintenance of GFPAA Quality Assurance Review System

Background:

Starting from June 2016 series of substantial legislative changes have been made to the regulation of auditing profession in Georgia, since the preceding law from June 2012 is no longer valid and the new law is in place. According to the new law of Georgia on Accounting, Auditing and Reporting (#5386-III, 8 June 2016) (New Law) auditing profession is regulated by the newly established Public Oversight Authority (SARAS) at the Ministry of Finance.

The SARAS took over all functions previously assigned to Accredited Professional Organizations, specifically: establish and implement the quality review system, approve quality reviewers, perform quality reviews of audit firms and maintain the auditors register. With this law ISAs, IFRS and IFRS for SMEs is adopted in full as well as the IESBA Code of Ethics and ISQC 1.

By the New Law individual auditors are obligated to be members at professional organizations whereas audit firms can do so at their discretion.

Two organizations have been recognized (Up to 2019 there were three professional organizations, one of them, the GAIAA, is no longer functioning, and its members went to those two organizations). The recognition criteria are:

1. These organizations must have internal policies, systems and procedures which ensure that:
 - A) The requirements for professional certification and continuing professional education are met; and
 - B) The members comply with the requirements of the Code of Ethics for Professional Accountants (IESBA Code) and Quality Control Systems.
2. They must have a Register of member auditors and certified accountants, and the rules for disciplinary actions and identifying infringement of the law by member auditors.
3. They are obliged to publish the annual financial statements and the statement of performance.
4. The majority of members of the governing body of the professional organization are auditors and/or certified accountants.

According to the New Law professional organizations have limited role and authority which includes the certification and continuing professional education of its members (professional accountants). And instead of quality control reviews which GFPAA did in the past, new role is to support member audit firms in quality control improvements, which includes: consultations, trainings, assistance to access Georgian version of audit program; preliminary review of quality control system compliance with legislative requirements and proper recommendations by invited GFPAA experts.

The legislative changes affected the GFPAA position and the organization's name was changed accordingly. From the name: Quality Assurance Review Committee the word "Review" was removed and correspondingly was changed the regulations and functions.

• **Action Plan Subject:** SMO 2–International Education Standards for Professional Accountants and Other Pronouncements issued by the IAESB
Action Plan Objective: Further development and maintenance of GFPAA Educational System

Background:

In Georgia, accountants and auditors study of accountancy in the high schools in compliance with the Education Law in Georgia. Accountants and auditors professional development and certification is the prerogative of recognized professional organizations in accordance with the Georgian Law on Accounting and Reporting. De facto, such organization is GFPAA at the moment.

Nowadays two professional organizations have been recognized: The Georgian Federation of Professional Accountants and Auditors (GFPAA) and the Georgian Federation of Auditors, Accountants and Financial Managers (GFAAFM).

The recognition criteria are:

1. These organizations must have internal policies, systems and procedures which ensure that:
 - A) The requirements for professional certification and continuing professional education are met; and
 - B) The members comply with the requirements of the Code of Ethics for Professional Accountants (IESBA Code) and Quality Control Systems.
2. They must have a Register of member auditors and certified accountants, and the rules for disciplinary actions and identifying infringement of the law by member auditors.
3. They are obliged to publish the annual financial statements and the statement of performance.
4. The majority of members of the governing body of the professional organization are auditors and/or certified accountants.

Candidates for GFPAA's full membership (certifies professional accountants) have to complete a Georgian language qualification based on translations of the ACCA syllabus, meet a three-year practical experience and undergo a final assessment.

The details of our certification program you can see on the following link: <http://baf.ge/site/index.php?tid=33&color=green&lid=33&sid=33>

The certification program is updated no later than 3 years, or earlier, in accordance with the changes made in the legislation and other regulations (standards).

The need to change the program is also identified through a survey of the employers, who employ certified accountants, in at least two directions:

- audit firms; and
- other employers.

The GFPAA certification program was last updated in 2018-2019.

We have the requirements for our members to have minimum 120 CPD hours during 3 years period. Breach of this requirement may result in

•
suspending membership.

GFPAA is regularly translating and adopting IES pronouncements.

The IES was translated in 2018, the link: <http://baf.ge/site/index.php?tid=67&color=blue&lid=67&sid=67>

According to the New Law there are new requirements regarding professional education and certification:

Certified accountant – an individual, who according to the Supervisory Service requirements for professional certification, is certified by a professional organization of accountants or/and auditors or recognized as such by this law and after certification proves his/her qualification in accordance with the continuing education standard.

The rules for obtaining a certified accountant's status are set out in the "Professional Certification Standard" approved by the SARAS. It is posted on the SARAS and GFPAA sites:

https://www.saras.gov.ge/Content/files/Professional_Certification_Standard_2017.09.21_ENG.pdf

<http://baf.ge/site/index.php?tid=1&color=blue&lid=1&sid=1&artid=173>

A brief description of the basic requirements of this Standard:

Certified Accountants

The law recognizes the qualification of a Certified Accountant, who is defined as an individual certified by a professional organization in accordance with the Professional Certification Standard set by SARAS or is recognized as such under the Law No. 5386, and who can prove their qualification after certification in accordance with the [Continuous Education Standard](#). Certified accountants must be members of one of the professional organizations.

Link: <https://saras.gov.ge/Content/files/bugaltruli-agricxvis-angarishgebis-da-auditis-shehexeb-kanoni.pdf>

According to the requirements of European Union Directive and IFAC's International Education Standard, the SARAS sets professional certification and continuing education standards to recognize and sustain an individual's certification as professional accountant. Professional certification standard defines the required study disciplines, the rules of examination process, exemptions, documents to be submitted and the rule of awarding certificates. Continuing education standard defines the respective program and the rule of its execution.

Individual's qualification is proved according to professional certification which can be performed by professional organizations whose certification programs or/and examination process meets the requirements set by the SARAS and is adopted in accordance with respective rule, also set by the SARAS.

The SARAS is entitled to recognize specialized examination bodies solely for the purpose of conducting the examination process. Professional organizations with recognized certification programs only, are entitled to conducting professional certification on the basis of examination results held by specialized examination bodies. Professional organization can be recognized as specialized examination body according to Article 2 of the New Law.

The Professional Certification Standard defines the subjects for professional certification, the rules for carrying out the exam process, the rules for exemption from exams and tests, the documents to be submitted for professional certification and the rule on certificate issuance. Professional certification is conducted by professional organizations whose certification programs or/ and examination procedures meet the standards set by SARAS and which are recognized in accordance with the [SARAS Order on Approving Procedure for Recognition of Certification Programs and Examination Process, 2017](#).

The criteria for recognition as an examining body are set out in the Article 18 “Conducting Examination Process” of the “Professional Certification Standard” approved by the SARAS.

Action Plan Subject: SMO 3–International Standards and other Pronouncements Issued by the IAASB
Action Plan Objective: Further improve and maintain processes for ongoing convergence with IAASB Pronouncements

Background:

The Law of Georgia on Accounting, Reporting and Auditing sets the legal framework in Georgia, according to internationally recognized standards, for accounting, preparing and filing financial and management reports, reports on payments to government according to this Law, professional certification, auditing (service) and its quality assurance, public oversight and enforcement in these areas.

PIEs, first and second category enterprises and groups of the first and second categories are obliged to have an audit of their financial statements/consolidated financial statements performed in accordance with the procedure specified under Article 15 of this Law unless provided otherwise in the respective regulatory normative acts.

Banks, financial institutions, listed companies, insurance undertakings, etc. have PIE status and they are subject to additional/separate requirements by the Law.

According to the Law on Accounting, Reporting and Auditing the SARAS has the legal mandate for setting auditing standards in the jurisdiction.

The ISA 2018 has been already translated and adopted.

Translation of ISA into the Georgian Language is carried out according to IFAC Policy on Translations.

Other pronouncements issued by the IAASB such as International Standards on Review Engagements (ISRE), International Standards on Assurance Engagements (ISAE), International Standards on Related Services (ISRS), and International Standards on Quality Control (ISQC 1) were translated in 2018 and are adopted by the SARAS.

In order to study auditing standards and implement them in the Georgian jurisdiction, GFPAA actively cooperates with international organizations and conducts various trainings and workshops, in particular:

- In 2019, GFPAA conducted “Audit and Assurance” trainings with donors - EU for Georgia and the World Bank;
- Within the framework of the project funded by the Institute of Chartered Accountants of England and Wales (ICAEW) and the Asian Development Bank (ADB), in 2019 the ICAEW Representative conducted 2 trainings for trainers who in 2020 will conduct trainings for companies and auditors who are interested in improving audit quality.
- For audit companies, in 2017 GFPAA translated into Georgian the audit program “E-dok”, which is available for audit companies, also conducted trainings on how to use the program;
- To assist small audit firms, GFPAA translated into Georgian and posted an ISA-related audit manual on its website, which was offered by the UK audit firm HAT and was possible to publish it in Georgian as part of a joint project. The manual is free of charge and audit firms can download it from GFPAA website.
- Trainings related to the use of the HAT Manual will be delivered to all audit firms and practitioners throughout 2020 within the framework of the ADB-funded project, with the joint efforts of GFPAA and his partner ICAEW.

Action Plan Subject: SMO 4–IESBA Code of Ethics for Professional Accountants
Action Plan Objective: Further improve and maintain processes to ensure ongoing convergence with the IESBA Code of Ethics

Background:

This is an obligation of SARAS and GFPAA supports it in all activities that are needed:

Law of Georgia on Accounting, Reporting and Auditing, Professional Certification Standard (SARAS), Continuous Education Standard (SARAS), GFPAA statement on Membership Policies and Procedures, and Rules for Disciplinary and infringement by GFPAA members set and incorporate ethical requirements for professional accountants in the jurisdiction.

IESBA is recognized by the Law of Georgia on Accounting, Reporting and Auditing and is mandatory for all certified entities within the jurisdiction of Georgia.

The version 2018 of the IESBA Code has been adopted.

The ongoing process for the amendments to the IESBA Code is governed by the Law of Georgia on Accounting, Reporting and Auditing and the SARAS Regulations.

Translation of the IESBA Code 2018 was into Georgian language. The IFAC Policy on Translations has been followed.

Action Plan Subject: SMO 5–International Public Sector Accounting Standards and Other Pronouncements Issued by the IPSASB
Action Plan Objective: Further improve and maintain processes for ongoing compliance with IPSASs

Background:

According to Georgian legislation the Ministry of Finance of Georgia is responsible for establishing public sector accounting standards. IPSASs are not adopted in Georgia. However, at the initiative of the GFPAA IPSASs 2004 were translated, but they have not been introduced in the public sector so far. The accounting based on the old Soviet period is still used in the public sector.

According to the Strategic Plan of the Ministry of Finance of Georgia implementation of IPSAS in Georgia will be finalized by the year 2020. GFPAA representative is the member of Methodological Council at the Ministry of Finance and is involved in advising regarding practical implementation of IPSAS. The Ministry of Finance announced tender on translation of IPSAS. Within a few months' period the first stage of this plan will commence (translation of IPSAS). The GFPAA takes part in the tender for IPSASs translation into Georgian and successfully passed the first and second stages of the tender. At the final stage, which was held on 20 May 2011, there were two participants – the GFPAA and the Translation Back Office (Argentina). At the end the Ministry of Finance hired translators and start to translate IPSAS themselves, but GFPAA experts were invited in this group and we played an active role in the process.

The implementation of IPSASs is going periodically and is planned to be completed in 2020.
