Meeting Location: New York, United States of America
Meeting Date: September 10–11, 2019

Agenda Item C

Proposed ISQM 1 – Cover

Objectives of Agenda Item

1. The objectives of this agenda item are to:
   (a) Provide an overview of respondents’ feedback on the Exposure Draft (ED) of ISQM 1 (ED-ISQM 1), particularly respondents’ feedback on the quality management approach, benefits to quality, scalability and structure of ED-ISQM 1 and comments on the firm’s risk assessment process.
   (b) Obtain Representatives’ views about:
      (i) The ISQM 1 Task Force’s (TF) proposals to address scalability.
      (ii) Whether there are any additional actions the IAASB should take to address the scalability of Proposed ISQM 1.

Project Status

2. ED-ISQM 1 was published for comment on February 8, 2019 and the comment period closed on July 1, 2019. As a result, the IAASB has not held any discussions on Proposed ISQM 1 since the March 2019 IAASB CAG meeting.

3. In September 2019, the ISQM 1 TF plans to present to the IAASB Board respondents’ feedback on the quality management approach, benefits to quality, scalability and structure of ED-ISQM 1 and comments on the firm’s risk assessment process. Furthermore, the ISQM 1 TF plans to obtain the Board’s views on how the ISQM 1 TF proposes to address:
   (a) The overall scope of firms and services covered by Proposed ISQM 1.
   (b) The structure of Proposed ISQM 1.
   (c) How Proposed ISQM 1 deals with quality objectives, quality risks and responses.
   (d) How the standard deals with the firm’s risk assessment process.

---

1 Proposed International Standard on Quality Management (ISQM) 1 (Previously International Standard on Quality Control 1), *Quality Management for Firms that Perform Audits or Reviews of Financial Statements, or Other Assurance or Related Services Engagements*
4. The ISQM 1 TF plans to present respondents’ feedback on other areas of ED-ISQM 1 and proposals to address respondents’ comments and concerns to the IAASB Board in December 2019.

CAG Discussion in September 2019

5. For the purposes of the CAG discussion, the Chair of the ISQM 1 TF will present:
   (a) An overview of the feedback received on ED-ISQM 1 (**Agenda item C.1**).
   (b) The ISQM 1 TF’s proposals to address the matters highlighted in paragraph 3(a)–3(d).

Representatives will then be asked to provide input on the questions outlined below in this paper.

6. **Agenda Item C.2**, which accompanies this cover note, is the ISQM 1 Issues Paper that will be presented to the IAASB Board in September 2019. **Agenda Item C.2** therefore includes a summary of respondent’s feedback on some of questions that were included in ED-ISQM 1. **Agenda Item C.2** also includes the ISQM 1 TF’s proposals to address the matters highlighted in paragraph 3(a)–3(d).

7. Since **Agenda Item C.2** is an IAASB Board paper, in navigating the document, Representatives are requested to note the following:
   (a) The questions in **Agenda Item C.2** are those that will be posed to the IAASB Board, and therefore Representatives are not being asked to respond to these questions. The questions that are being asked of Representatives are outlined below.
   (b) **Agenda Item C.2** includes references to a variety of other Agenda Items that will be presented to the IAASB Board in September 2019. These Agenda Items have not been provided to Representatives for the purposes of the CAG discussion, but if CAG members would like to access these papers, they are available at: https://www.iaasb.org/meetings/iaasb-board-meeting-new-york-usa-0.

8. **Appendix A** to this paper provides a history of previous discussions with the IAASB CAG and IAASB Board on Proposed ISQM 1, including links to the relevant IAASB CAG documentation.

9. **Appendix B** to this paper a provides a list of outreach between March 2019 and July 2019 regarding ED-ISQM 1.

### Matters for IAASB CAG Consideration

1. Do representatives support the proposals outlined in **Agenda Item C.2** to address the scalability and complexity of Proposed ISQM 1, including:
   (a) Reordering the components of the standard to improve the readability of the standard, and clarifying that “the firm’s risk assessment process” and “monitoring and remediation” are processes in nature?
   (b) Revising the approach to required quality objectives, quality risks and responses in the components, i.e.:
      (i) Revising the quality objectives to be higher level, which may result in fewer quality objectives;
      (ii) Introducing quality risk considerations; and
(iii) Reducing the required responses.
(c) Simplifying the requirements addressing the identification and assessment of quality risks?
(d) Developing a separate standard dealing with quality management over related services engagements?

2. Do representatives have views about additional actions the IAASB should take to address the scalability and complexity of Proposed ISQM 1?
