***C.1 Do you have any comments on any of the above activities or initiatives? In particular, do you believe any of them should not be a strategic priority for the IESBA and, if so, why? Please be as specific as possible.***

***C.2 Are there any specific activities or initiatives you believe the IESBA should undertake to promote further adoption and more effective implementation of the Code? If so, please explain why.***

In my opinion there may be a motivation scheme for good work and good reporting, which may involve some sort of incentive, say to allot some coveted audit for one year. The prize/award should be announced after inviting all eligible persons to nominate with one report. Emphasis may be given if the report is

qualified, specially when it was not qualified earlier and specially if it is qualified on change of auditor. There may also be a space in Auditors report where he can suggest (if he chooses to report) to the Company, which is not a duty as auditor but may be beneficial to the company otherwise.
