Policy Statement—IFAC Network Partners

Revised September 2021

Introduction

1. The breadth of IFAC's work would not be possible without the valuable support of its global network. Alongside member organizations, the Forum of Firms, and development partners, the IFAC Network Partners are key to the successful achievement of IFAC's strategy. This Policy Statement, which is aligned with the IFAC Constitution and Bylaws, describes the policies and procedures established by the IFAC Board in relation to IFAC Network Partners.
2. IFAC Network Partners include:
 - (a) The four Regional Organizations recognized by IFAC prior to October 1, 2019:
 - (i) Accountancy Europe
 - (ii) Confederation of Asian and Pacific Accountants (CAPA)
 - (iii) Interamerican Accounting Association (IAA)
 - (iv) Pan African Federation of Accountants (PAFA)
 - (b) Organizations with strategies that are aligned with and contribute to those of IFAC.¹ These include, but are not limited to, groupings of professional accountancy organizations (PAOs) established to undertake activities based on specific commonalities (e.g., culture, language, proximity, trade, etc.). Each grouping ordinarily has a unique history and undertakes specific activities to serve the needs of its members.

Becoming an IFAC Network Partner

Acknowledgement

3. IFAC will acknowledge by IFAC Board decision an organization as an IFAC Network Partner when:
 - (a) The organization's strategies are aligned with and contribute to those of IFAC;
 - (b) The organization is well established, sustainable, and resourced; and has an appropriate governance structure;
 - (c) The organization adheres to a code of conduct and support business ethics compatible with those of IFAC; and
 - (d) The organization is capable of and motivated to coordinate or collaborate with IFAC on matters of common strategic interest.
4. The relationship could be initiated by IFAC or the organization. If initiated by the organization, the organization should apply to the IFAC Chief Executive Officer (CEO). The application should discuss how the organization meets the criteria in paragraph 3. The IFAC CEO will make a recommendation to the IFAC Board based on an IFAC staff assessment against the criteria.

¹ These include Accountancy Groupings acknowledged by IFAC prior to October 1, 2019 and Memoranda of Understanding entered by IFAC prior to October 1, 2019.

Entitlement

5. IFAC Network Partners that are groupings of PAOs are entitled to participate in IFAC Board and Council meetings (limited to two observers per grouping per meeting).
6. In accordance with the IFAC Constitution and Bylaws, an IFAC Member may give a proxy to cast the IFAC Member's vote at an IFAC Council meeting to the President, Chief Executive, or equivalent officer of the Regional Organization of which the IFAC Member is also a member, provided that no single Regional Organization may hold more than five proxies in respect of a single resolution being voted upon.

Formalizing the IFAC Network Partner Relationship

Memorandum of Understanding

7. The relationship between IFAC and an IFAC Network Partner is formalized through a Memorandum of Understanding (MOU). The MOU identifies the parties to and purpose of the relationship and states the mutual intentions and expectations of the parties. The MOU does not constitute or create any legally binding or enforceable obligations on the part of any party. The MOU ordinarily does not have a term limit and exists until one of the parties desires otherwise.
8. The appendix to this policy statement contains a template MOU. If IFAC is requested to use the template of an IFAC Network Partner, the IFAC CEO should ensure that the content is commensurate with that of IFAC and adheres to relevant IFAC policies.
9. All MOUs are approved by the IFAC Board and signed by the IFAC CEO.
10. The IFAC CEO reports annually to the IFAC Board on the status of MOUs under this policy statement, and specifically whether any of the MOUs should be terminated.

Joint Projects with IFAC Network Partners

11. The MOU facilitates the identification of opportunities to collaborate on projects/activities of common strategic interest. When IFAC and an IFAC Network Partner agree to undertake a joint project/activity, the specificities of such project/activity are formalized in a legally-binding agreement between the parties. Such agreement ordinarily:
 - (a) Identifies the parties to, and defines the scope and objective of, the agreement;
 - (b) Specifies the meaning of terms used in the agreement;
 - (c) Identifies the specific outputs under the agreement;
 - (d) Specifies what each party will do in fulfilling the agreement, including – where appropriate – identifying key personnel and establishing a project timeline;
 - (e) Identifies any consideration to be provided to or by either party as part of the agreement, including the contribution of human and other resources;

- (f) Specifies the ownership of intellectual property utilized in fulfilling the agreement and/or developed under the agreement;
 - (g) Outlines each party's rights in relation to reproduction of the outputs, as well as use in creating derivative works
 - (h) States each party's rights in relation to the use of logos and titles, and rights of publicity; and
 - (i) States the term of the agreement and outlines the process for continuance or discontinuance.
12. The IFAC Intellectual Property department maintains template agreements that could be used for this purpose. If IFAC is requested to use the template of an IFAC Network Partner, the responsible IFAC staff should ensure that the content is commensurate with that of IFAC and adheres to relevant IFAC policies.
13. All agreements are approved by the responsible IFAC staff in accordance with *IFAC Finance Policy: Authority to Commit*.
